Docket No. 98N-1265
Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: After 3 years, I Finally found a type of
progesterone that worked for me in a Missouri
mail order pharmacy. Local pharmacies could not
get the compounding right. I need this formula
to be able to live & work comfortably. Don't take
my options away, please!
